

# Fiscal Years 2022-2024

## Access to Care, LHIC

<b>Strategy:</b> <i>Physician Recruitment and Retention</i>	Enhance county capacity to provide recruit and retain health care providers and practices.			
<b>Long Term or Outcome Objective:</b>	Establish 3 medical practices within Charles County that will provide health care to the underserved population, with particular emphasis on mental health/psychiatry and primary care.			
Activity/Key Action Steps	Measures	Key Partners	Timeline	Comments
<ol style="list-style-type: none"> <li>1. Recruit additional health care providers and specialists to the county through the University of Maryland Charles Regional Medical Center.</li> <li>2. Succession for retiring providers in Charles County</li> <li>3. Provide support to present PCP practices in Charles County by providing resources and offering Care Transition Organization services through UMMS for those that are part of the MDPCP program</li> <li>4. A “Look Closer” campaign by UM CRMC for providers and services available locally</li> </ol>	<p>How long since you visited a doctor for a routine check-up (BRFSS)</p> <p>Charles County Population to Primary Care Provider Ratio Source: County Health Rankings</p> <p>Number of PCP &amp; Mental Health practices started in Charles County</p> <p>Number of county practices educated on resources</p> <p>Number of materials disseminated</p> <p>Number of MDPCP practices in Charles County</p>	<p>UM CRMC</p> <p>UMCRMG</p> <p>CCDoH</p> <p>Kaiser</p> <p>NDG Marketing</p>	<p>In summer 2021 UM CRMG to launch new practices for PCP in Bryansroad and Mental Health services for pediatrics and adults in Charles County</p> <p>Ongoing monitoring of retiring PCP physicians in Charles County to offer succession planning</p> <p>Spring, 2021 meet with Johns Hopkins and Medstar as the larger practices in the county to offer resources and improve communication</p> <p>Launched in Jan. 2021, now we are building on the branding in other advertisement for practices and specialty areas</p>	

<b>Strategy:</b>	Increase awareness of county health services in the Community by continuing an awareness campaign surrounding appropriate setting of care: primary care, urgent care, emergency department, and 911.			
<b>Long Term or Outcome Objective:</b>	Reduce the Charles County preventable hospital stay rate from 5108 per 100,000 Medicare enrollees to 4852.6 (5% reduction) per 100,000 Medicare enrollees. Source: County Health Rankings
